CAMBRIA SOLUTIONS OPENS OFFICES IN ATLANTA AND JACKSON, MISS.

SACRAMENTO, Calif. – Sept. 22, 2014 – Cambria Solutions, Inc., a national information technology and management consulting firm, has announced the opening of two new offices in Atlanta, Ga. and Jackson, Miss.

The Atlanta office, located in the city’s central business district on Peachtree Street, provides a local presence for serving Cambria’s clients throughout Georgia and the Southeast region. The Jackson office is conveniently located in the bustling Market Street Flowood area.

Cambria Solutions recently helped the State of Georgia’s Department of Human Services address a significant backlog in its public assistance programs. Within a matter of weeks, organizational redesign, workflow practices, and new performance management initiatives were implemented that helped the State avert a \$75M sanction from the Federal government. Likewise in Mississippi, Cambria Solutions was engaged to help plan, navigate and implement projects related to the implementation of the Affordable Care Act (ACA). These efforts support Cambria’s topnotch reputation for building skilled teams that can deliver and generate results for clients under compressed time lines and high profile environments.

The addition of these two new offices gives Cambria seven office locations throughout the United States, including Sacramento, Calif., Los Angeles, Olympia, Wash., Tallahassee, Fla., and Washington D.C.

“Our clients are faced with rapid industry changes, grappling not only with the opportunities and challenges in implementation, but also tight budgets coupled with the demand for increased quality and cost effective services. Our new offices in Atlanta and Jackson will allow us to better serve our clients and help them navigate the changes in these areas,” said Robert Rodriguez, Cambria CEO and founder.
