

FOR IMMEDIATE RELEASE

Cambria Named a Qualified Agile Vendor in California and Mississippi, Selected to Develop Child Welfare System Module

SACRAMENTO, Calif. – June 6, 2017 – Cambria Solutions, Inc., a national information technology and management consulting firm, has been selected as a pre-qualified Agile vendor in California and Mississippi. In the first procurements of their kind, the California Health and Human Services Agency (CHHSA) and the Mississippi Department of Information Technology Services (ITS) established pre-qualified vendor pools to provide Agile development services and accelerate project delivery.

“Cambria has adopted agile practices in our very DNA,” said Innovation Leader, Anand Adoni. “We have assembled an agile tiger team with some of the most talented Agile leaders, and we are looking forward to working alongside public agencies to promote and practice open source, continuous improvement, and quick delivery.”

The California Child Welfare Digital Services (CWDS) has already leveraged the Agile Development Pre-Qualified (APDQ) vendor pool to name Cambria the selected vendor to design and develop the Certification, Approval, and Licensing Services (CALs) Module of the Child Welfare System – New System (CWS-NS). The CALs module will allow state and county workers to greatly improve the safety and availability of quality licensed facilities; more efficiently approve homes for children by facilitating activities related to licensing, approving homes and associated adults; all while meeting and maintaining required standards.

“The State’s willingness to take on these challenges reflects CWDS’ strong resolve to protect California’s most vulnerable population,” said Cambria’s Agile Practice Leader Dhiraj Talwar. “This new user-friendly application will equip 25,000 state and county child welfare workers to make timely and informed decisions for safe placement of at-risk children.”

About Cambria Solutions, Inc.

Cambria Solutions is an information technology and management consulting firm based in Sacramento, Calif., with offices in Jackson, Miss.; Los Angeles, Calif.; Olympia, Wash.; Tallahassee, Fla.; Atlanta, Ga.; and, Washington, D.C.
